

## Personal Testimony

Melissa Tomb

7/10/2010

End of last September, I was diagnosed with cancer. Then I realized I was not entitled to an illness-free life even though I always pay attention to my health. I take walk during winter, swim during summer, and I have no bad habits in my lifestyle. I still got cancer unexpectedly. I asked my doctor to give me the reason, he explained that it was ... "bad luck." I also prayed to God, He answered that the only way I would be cured was to put my faith in Him. When I had my chemotherapy, I experienced my body was gradually decaying every day. On top of that, I lost all the hair on my head and body. I was so fearful that I could not even be able to describe it. The only way I could comfort myself was to read the Bible when my body allowed me to do so. When I had the unbearable pain in my bones, I prayed to God to give me a relief instead of taking a painkiller. Then I took a rest in bed. God showed great mercy to me. I did not need any painkillers to finish my whole treatment. I also had a very bad mouth sore. It made me hard to eat and swallow food. But I still managed to eat regularly all because the grace of God. He allowed me to get strong to fight the cancer. I won the battle and I am back to my normal life now. Thank God!

A few of my friends I did not contact for a long time called me when I was sick. They all said that they were thinking of me. I knew it was the Holy Spirit led them to me and not a coincidence!

I thank the Lord my family members do not have to face cancer. I thank the Lord gave me this life experience to make me rely on Him more. From now on I will only count my blessings and have no complaints at all. Any life challenges and difficulties will become small thing to me.

The Bible verses are my weapons in the battle:

2 Corinthians 4:16-18

Ephesians 6:13

Joshua 1:9 (My understanding: No matter I live or die, my spirit will be with the Lord.)

Romans 5:3-4 (It is not easy to be joyful when you are sick but I find it through the prayers.)

Romans 8:38-39 (This is a free of charge life insurance policy that God provide to me. It guarantees the award of an eternal life.)

Psalms 68:20 (If God do not allow, I will not be able to live one second longer.)

James 5:15 (I personally experienced the power of a prayer, a prayer that saved my life to bring out the glory of our Lord Jesus Christ.) Amen!

I hope my testimony will make a difference in your life.
